

BIOCHEMICAL AND CELLULAR ARCHIVES

(Published since 2001; ISSN - 0972 - 5075 Print; ISSN - 0976-1772 Online)

Scientific Aims and Scope : *Biochemical and Cellular Archives* publishes original full length research papers, short communications and review articles in all areas of agricultural, biological and medical sciences. Emphasis will be given to manuscript, which present novel finding pertinent to the biochemical basis of cellular structure and function as well as mechanism of cellular organelles. Investigations directed towards electron microscopy and localization of biomolecules in cells / tissues are particularly encouraged. The articles for the following broad areas of biological sciences will be considered for publications: • Cellular structure, Physiology and Biochemistry. • Bacteriology, Virology and Toxicology. • Light and electron microscopy and histochemistry. • Immunology and molecular biology. • Pathology. This journal is available for online access at: www.publishatcj.com since 2009.

Manuscript preparation : Manuscript should be typeset in double space on A4 size paper as : Title, Authors' name, address, phone, fax etc., Abstract, Key words, Introduction, Materials and Methods, Result, Discussion, Acknowledgement and References. The result and discussion may, however, be combined if needed for better expression. References should be arranged alphabetically and set out as follows:

Kumar B, Yadav P R, Goel H C and Rizvi M M A (2009)Recent Dvelopment in cancer therapy by the use of nanotechnology. *Digest J. Nanomaterials and Biostructures* 4 (1), 1-12.

Shek P N and Barber R F (1988) Liposomes : binary antigen drug carriers for immunomodulation. In : *Liposomes as Drug Carriers* (ed. Gregoriadis G), John Wiley and Sons Ltd., pp. 145-157.

Publication Ethics : For details authors can visit link:

<https://publishatcj.com/EthicalGuideline.aspx#content> .

Plagiarism : The authors are required to submit plagiarism report as per International requirements. Manuscripts that are found to have been plagiarized from a manuscript by other authors, whether published or unpublished, will incur plagiarism sanctions.

Data Fabrication and Falsification : Submitted manuscripts that are found to have either fabricated or falsified experimental results, including the manipulation of images, will incur data fabrication and falsification sanctions.

Scrutiny of the manuscript : All the papers submitted for publication in *Biochem. Cell. Arch.* will be blind reviewed by atleast two referees and their decision shall be final. However, Chief Editor retains the right to accept or reject the article. The final decision regarding the manuscript shall be communicated to the corresponding author within two months from the date of receipt of the manuscript.

Reprints and Publication Charges : There is no publication charges. However, authors have to bear the cost of minimum 25 reprints.

Submission of Manuscript : Manuscript for publication may be submitted to : **Dr. P. R. Yadav, Chief Editor, 606/8 South Civil Lines, Muzaffarnagar- 251 001, India.** The maunscript can be sumitted online at www.publishatcj.com or by e-mail : submissionbca@gmail.com. All correspondence and status relating to the submission will be available online on this system. In case of any problem relating to submission, you may write at: info@publishatcj.com or contact **Chief Editor** (Mob. : +91 9412867987).

Copyright: Submission of manuscript implies: that the work described has not been published before; that it is not under consideration for publication elsewhere and publication has been approved by all co-authors, if any, as well as by the responsible authorities at the Institute where the work has been carried ou. Once paper accepted for publication, the copyright automatically will be transferred to journal. There shall not be necessity to transfer copyright by the author(s) by duly filling separate copyright form.

Sample Paper: Exact style can be seen as a sample paper available at www.connectjournals.com/bca.
